This Undersigned, individually and as an authorized representative of the contractor, certifies that he has examined this settlement proposal and that, to the best of his knowledge and belief:

(1) AS TO CONTRACTOR'S OWN CHARGES.—The proposed settlement (*exclusive of charges set forth in Item 14*) and supporting schedules and explanations have been prepared from the books of account and records of the contractor in accordance with recognized commercial accounting practices; they include only those charges allocable to the terminated portion of this contract; they have been prepared with knowledge that they will, or may, be used directly or indirectly as the basis of settlement of a claim or claims against the United States or an agency thereof; and the charges as stated are fair and reasonable.

(2) AS TO SUBCONTRACTORS' CHARGES.—(a) The contractor has examined, or caused to be examined, to an extent it considered adequate in the circumstances, the claims of its immediate subcontractors (*exclusive of claims filed against such immediate subcontractors by their subcontractors*); (b) The settlements on account of immediate subcontractors' own charges are fair and reasonable, said charges are allocable to the terminated portion of this contract and said settlements were negotiated in good faith and are not more favorable to its immediate subcontractors than those which the contractor would make if reimbursement by the Government were not involved; (c) the contractor has received from all its immediate subcontractors appropriate certificates with respect to their claims, which certificates are substantially in the form of this certificate; and (d) the contractor has no information leading it to doubt (i) the reasonableness of the settlements with more remote subcontractors or (ii) that the charges for them are allocable to this contract. Upon receipt by the contractor of amounts covering settlements with its immediate subcontractors, the contractor will pay or credit them promptly with the amounts so received, to the extent that it has not previously done so. The term "subcontractor" as used above includes suppliers.
